

# XCEED™ Nitrile Gloves

**MICROFLEX®**  
THE MOST TRUSTED NAME IN GLOVES®

## Performance, comfort and strength to exceed all expectations!

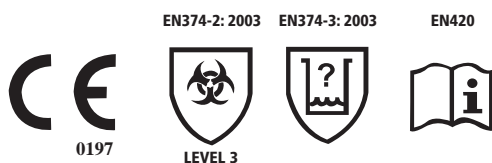

- Powder free
- Latex free
- 0.65 AQL
- PPE Category III (Complex Design)  
according to Council Directive 89/686/EEC
- Virus and micro-organism resistant
- Textured fingers
- Manufactured to the highest ISO standards

**XCEED™** gloves are made from a new, industry-revolutionising nitrile formulation and manufacturing process which delivers enhanced comfort, strength and value for money. XCEED™ gloves are unbelievably soft and provide improved tactile sensitivity which helps to reduce hand fatigue. The new formulation also provides a glove which is 60% stronger than most other brands. Packed in boxes of 250\*, the larger pack size saves you time, money and storage space, giving an excellent glove at a great price.

### Recommended for use when:

- A non-latex solution is required, at a value price
- Enhanced comfort and tactile sensitivity are a must
- Everyday use of small instruments demands a lightweight glove

\* XL Pack Size: 230
